1. On 17 July, Messrs. [REDACTED] discussed with Mr. [REDACTED], the further development of the technical investigative training program.

2. It was agreed that a proposal would be formulated by each office, tied to a three-phase instructional program.

a. Phase A would represent a basic training course in technical skills to be given by TSS to all operations personnel with the OC as a prerequisite.

b. Phase B would be a jointly presented course of instruction for senior operational personnel intended to qualify them to recognize the utility of certain advanced technical methods and to permit them to set up and guide the actual conduct of certain other technical and investigative operations.

c. Phase C would be the intensive training phase, portions of which would be the sole responsibility of TSS, and other portions the sole responsibility of TR(S).

3. The proposal to be drawn up by TR(S) and TSS should elaborate the content of each of these phases of instruction.
